Mission

The mission of NRAC is to provide Navy accession level skills and knowledge to prepare Non-Prior Service Naval Reserve personnel for Naval Service.

Academic Policy

Our educational philosophy is acknowledging the fact we have the opportunity and obligation to enhance the achievements, teamwork, and self-esteem of the Navy and Naval Reserve Force. From this philosophy comes our teaching strategy that every lesson and practical exercise be programmed into the total curriculum with a specific learning objective in mind. The model of teaching method selected is designed to encourage maximum student learning. Acquiring, storing and retrieving information, thinking deductively, practical exercises, and student oral and written applications of principles are some of the models used. Academic standards are that each student satisfactorily completes qualitative and/or quantitative tests. Professionally all Sailors will conform to the Navy's Core Values, Honor, Courage and Commitment; the ethics expected of each student as well as staff are honesty, integrity, loyalty, and coherence to the highest traditions of Naval Service.

Travel to RTC Great Lakes

Flight Scheduling

Your Naval Reserve Activity will attempt to schedule flights to arrive at Chicago O'Hare Airport between the hours of 1200 and 1500. However, flights are required to be scheduled to arrive O'Hare airport no earlier than 0900 and no later than **1900** on member's reporting date. Departing flights from O'Hare airport should be scheduled no earlier than 1700 on the scheduled day of graduation. Your Annual Training will cover a period of **17** days, beginning on a **Monday** and ending on a **Wednesday**. **(Revised 7/2003)**

In some instances you may get an extra travel day depending on available flights. The only exceptions would be those places that have very restricted flights like Alaska and Hawaii. NRAs will ensure all avenues have been researched to ensure students depart O'Hare airport the day of graduation and no students should report any earlier than their scheduled class convening date.

Appropriate Travel Attire

DO NOT TRAVEL IN YOUR DRESS UNIFORM OR UTILITIES! Appropriate casual, civilian attire is appropriate for travel to RTC. You should ensure that your dress and personal appearance are appropriate and will not discredit the Navy. Current styles and fashions, which are conservative and in good taste are authorized. Tank-top shirts, white undershirts worn as outer garments, cut-off shorts or shower sandals are not appropriate.

Wearing or displaying clothing, jewelry, tattoos, etc., depicting marijuana or any other controlled substance or advocating drug abuse is prohibited at all times on any military installation or under any circumstance which is likely to discredit the Navy.

If you report in attire that the NRAC in processing staff deems inappropriate, you will be asked to change into your service dress uniform at the airport. (Entire paragraph added 7/2003)

USO – Airport Check-in

Upon arrival at O'Hare airport you are directed to report to the USO on the second level of Terminal 2 if you arrive prior to 1200 noon. If you arrive after 1200 report to the NRAC in-processing area located in the baggage claim area, lower level Terminal 2. The NRAC in-processing area is at the north end of the terminal in front of the United Operations Department Office. Do not go to the USO after 1200 unless the NRAC staff is not at the in-processing area. NRAC staff starts in processing at approximately 1200 (noon) and will remain there until approximately 1900 (7:00 p.m.). **DO NOT** arrange your own transportation to RTC as you will not be reimbursed! (Revised 12/2003)

Transportation to RTC

The Naval Reserve has contracted Continental Express to provide transportation from O'Hare to RTC. Departure times from the airport are based on the number of students and incoming flight times. The **NRAC inprocessing staff** at the airport will provide you with a departure time. **(Revised 7/2003)**

The shuttle service is provided at no cost to you. You must have a copy of your orders to give to the driver to use as a voucher. Do not give the driver your original orders!

Late Arrivals at O'Hare

If you arrive at the airport after the last shuttle has left or the USO is closed, report to Continental Express in the lower level of **Terminal 2**. **(Revised 7/2003)** Tell the representative that you are a Naval Reservist and that you need transportation to RTC, you must pay \$18.00 to \$25.00 for the service, which will be reimbursed when you file a travel claim after the training.

Local Personnel

Due to the restricted parking area on RTC, a family member or friend should drop you off. Report to Building 1405: Recruit In-processing, between the hours of 1500 and 1700 on the Thursday report date on your orders. You will not be authorized to park personal vehicles on RTC, Great Lakes.

NRAC at RTC

Amnesty Collection Procedures

Upon arrival at RTC, you will place all personal items in front of you. An in-processing or NEX staff member will aid you in determining what action should be taken with each item.

Training you will receive

A great variety of training, both classroom and practical applications are provided during accession level training. Some examples of what you will experience during your accession training are:

- ? **Basic Shipboard Firefighting**: Live firefighting training is conducted, you will experience the use of several types of fire suppressants, don firefighting gear and put out several fires in different scenarios.
- ? **Chemical, Biological and Radiological Defense (CBRD)**: Following classroom training you will be required to don a gas mask, enter a gas-filled chamber and remove the mask prior to exiting the chamber. This will help give you the confidence of the equipment you will be wearing in an actual CBR attack.
- ? **Physical Training (PT)**: You will participate in physical training (PT) each morning comprised of Aerobic or Strength and Conditioning exercises. You will be required to complete a baseline Physical Readiness Test (PRT) at the beginning of your training and an introductory PRT at the end of training.

RTC Course Policy

- ? Off base LIBERTY is not authorized.
- ? Cosmetics (including acrylic nails, finger nail and **toenail** polish and lipstick) are not authorized during the course. **All polish shall be removed prior to arriving at RTC.** Recruits may bring cosmetics to use for the Class Photo and Graduation Ceremony only. **(Revised 7/2003)**
- ? Possession or consumption of alcohol beverages is not authorized during the course.
- ? Tobacco use of any kind is not permitted.

Note: You can have no alcohol/tobacco products eight hours prior to training. For example no drinking on aircraft or at the airport. Do not show up with tobacco products of any kind. Also, this training is not a social event and fraternization will not be tolerated.

Visitor/Liberty Policy

NRAC is intensive training, with after hour's study required. **Family members cannot accompany and/or visit you during training.** Family members are invited and encouraged to attend your graduation ceremony.

Haircuts

Males will be required to have a **Navy regulation haircut upon arrival at RTC. See example below. All male recruits will receive a 3rd week recruit haircut upon arrival at RTC which is paid for by the Naval Reserve Force. The barbers will trim your hair to 1/4" on top and 1/8" on the sides. (Revision 7/2003)**

Male Navy Regulation Haircut

—— INDICATES SCALP LINE) Sideburns shall not extend below a point level with the middle of the ear, as indicated by line "A". Hairstyle properly groomed shall not be greater than approximately 2 inches in bulk. Bulk is the distance that the mass of hair protrudes from the scalp. No individual hair will measure more than 4 inches in length. **(Added 7/2003)**

All male students are required to be clean-shaven (no beards and/or mustaches).

Females will be required to wear their hair up within United States Navy Uniform Regulations, section two, Grooming Standards See below:

Female Navy Regulation Hairstyle

- ? No outrageously multicolored or faddish hairstyles, to include shaved portions of the scalp (other than the neckline), or have designs cut or braided into the hair.
- ? Hair coloring must look natural and complement the individual.
- ? Haircuts and styles shall present a balanced appearance. Lopsided and extremely asymmetrical styles are not authorized.
- ? Ponytails, pigtails, widely spaced individual hanging locks, and braids, which protrude from the head, are not authorized.
- ? Multiple braids are authorized. Braided hairstyles shall be conservative and conform to the guidelines listed. When a hairstyle of multiple braids is worn, braids shall be of uniform dimension, small in diameter (approx. 1/4 inch), and tightly interwoven to present a neat, professional, well-groomed appearance.
- ? Foreign material (i.e. beads, decorative items) shall not be braided into the hair.
- ? Short hair may be braided in symmetrical fore and aft rows (corn rowing), which minimize scalp exposure. Cornrow ends shall not protrude from the head, and shall be secured only with inconspicuous rubber bands that match the color of the hair.
- ? Appropriateness of a hairstyle shall also be judged by its appearance when headgear is worn. All headgear shall fit snugly and comfortably around the largest part of the head without distortion or excessive gaps. Hair shall not show from under the front of the brim of the combination hat, garrison, or command ball caps. Hairstyles which do not allow headgear to be worn in this manner, or which interfere with the proper wear of protective masks or equipment are prohibited.
- ? When in uniform, the hair may touch, but not fall below a horizontal line level with the lower edge of the back of the collar. (See diagram above).
- ? With jumper uniforms, hair may extend a maximum of 1-1/2 inches below the top of the jumper collar.
- ? Long hair, including braids, which fall below the lower edge of the collar shall be neatly and inconspicuously fastened, pinned, or secured to the head.
- ? No portion of the bulk of the hair as measured from the scalp will exceed approximately two inches.

- ? **A maximum of two small barrettes/combs/clips, similar to hair color, may be used to hold hair in place, if necessary.**
- ? **Fabric elastics bands are not authorized. Hair ornaments shall not present a safety hazard. Hairnets shall not be worn unless authorized for a specific type of duty.**

If you need to put your hair up, you must come to RTC with the materials you will need. Because of the Physical Training schedule, it is highly advised to buy long bobby pins instead of short ones because they hold your hair tighter during running. When using additional bobby pins, do your best to conceal them.

There are two easy styles that hold well during the day. One is a simple French Braid and the tuck the end under and clasp down with bobby pins.

Another style is to gather your hair in a ponytail at the nap of the neck. Second, braid the tail and use a small rubberband to secure the end. Third, wrap the braided part around the upper portion to form a braided bun. Lastly, secure the upper, lower and each side with the large bobby pins.

Buy large and small rubber bands and bobby pins that are the closest match to your haircolor. (Added 7/2003)

If you cannot conform to these standards, (including the 2-inch bulk from the scalp) you will be required to get their hair cut **at the Naval Reserve's expense. (Revised 7/2003)** It is recommended that females cut their hair to fall no lower than the bottom of their dungaree shirt collar for the following reasons:

- a. Hair dryers of any style are not authorized at RTC.
- b. You will get very little time for hair care. Extra time will not be incorporated into the training schedule to accommodate hair care.
- c. There is a health concern if you have wet hair outside in the winter months.
- d. Donning CBRD and firefighting gear within required timeframes will be safer and easier.

Refusal to train

This training is mandatory for all non-prior service personnel enlisting in the Naval Reserve. Personnel who refuse to train and/or participate in any evolution will be returned to their NRA for separation processing.

Berthing/Messing

Due to the nature of the course, you will be berthed in the RTC Barracks regardless of permanent residence or quarter's availability noted on the orders. **No berthing arrangements from Service Area Travel Office (SATO) are required for NRAC students.** All NRAC students will eat at the galley at no additional expense to you.

Physical Training

Physical training (PT) is an integral part of the NRAC. Your Recruit Division Commanders (RDC) will lead through a series of PT modules designed to increase your strength and aerobic conditioning. At the end of your training, you will be given a Personal Fitness Assessment (PFA) by the RTC staff to determine your fitness level. (Revised 7/2003)

BE IN SHAPE WHEN YOU GET TO RTC! Don't wait until you arrive at RTC to start exercising! Start a PT program well in advance of the course convening date based on your physical condition. The exercises in the "APG/AIA Information Guide" are a good start. You can obtain one of these guides from your recruiter.

Final Thoughts

Remember this is your Basic Navy Training. It's fast-paced with a lot of information and physical exercise completed in a short period of time. When you execute your orders you are no longer a civilian, you are a SAILOR. During this course we will be stressing military bearing, protocol, customs and courtesies. Anchors Aweigh

Stand Navy out to Sea
Fight our battle cry:
We'll never change our course
So vicious foe steer shy, yi, yi, yi:
Roll out the T.N.T;
Anchors aweigh;
Sail on to victory,
And sink the bones to Davy Jones hooray!

Anchors aweigh, my boys, anchors aweigh.
Farewell to foreign shores,
We sail at the break of day, day, day, day.
Through our last night on shore.
Drink to the foam.
Until we meet once more.

RTC Maxim

I will not lie, cheat or steal nor tolerate
those among us who do.

Here's wishing you a happy voyage home.

Enclosure (6)

Welcome Aboard,

Your student will participate in a graduation ceremony of the Naval Reserve Accession Course in the near future. He/She has worked extremely hard and has accomplished much in a very short period. In recognition of his/her accomplishments, you are cordially invited to witness this significant event in their Naval career. If you plan to attend, your recruit will mail you an invitation letter early in the first week of training. This invitation will include a visitor's pass for Recruit Training Command, Great Lakes, IL.

The following information is provided for your planning purposes.

Plan to arrive at RTC no earlier than 10:30 a.m. on the day of graduation. Your recruit can provide you with their graduation date. The ceremony will be held indoors at the Battle Stations Ceremony Room, commencing at 11:30 a.m. and concluding at approximately 12:00 p.m. There is no set dress code.

You will be able to watch the division graduate and afterwards may visit with your recruit onboard RTC for a short time. The recruits will then be taken back to their barracks for out-processing and gathering of their gear. They will be permanently released from RTC at approximately 1:00 p.m. and transported to Chicago O'Hare International Airport. Your Graduate may depart with you when he or she is released.

Due to the lack of storage facilities for recruit use, please do not bring expensive or bulky items or gifts for the recruits. Pets are not allowed on the grounds of RTC. There is no guest housing or government transportation available at RTC. Luggage brought to RTC must remain in your vehicle or with you at all times.

PLANNING YOUR TRIP

YOU WILL NEED TO MAKE YOUR OWN TRAVEL ARRANGEMENTS INCLUDING ALL TRANSPORTATION AND LODGING. For wide ranges of travel options, you may contact SATO travel at (800) 485-6881. In addition, there is limited lodging available at Navy Lodge, which can be contacted at (800) NAVY-INN or (847) 689-1485. You may also make your own arrangements; the cities within about 10 miles of the base are Gurnee, Libertyville, Waukegan and North Chicago.

If you are flying into Chicago O'Hare, Chicago Midway, or Milwaukee, you will need to arrange for your own transportation to Great Lakes. Transportation desks are located at the baggage claim area for your convenience.

SPECIAL ACCOMMODATIONS

Wheelchair shuttle services are provided for those guests requiring assistance to and from the parking lot and the ceremony, but must be turned in immediately following the graduation.

If you require other special accommodations due to disability, please call the Public Affairs Office for assistance in making arrangements. Their phone number is (847) 688-2405.
